

MITR Health Check up Camp

Team NSSPL takes pride in organizing another MITR Health Camp in Habra on last day in association with AMRI Hospitals. Over 80 MITR members in 24 Parganas (N) were benefitted from this initiative where all the basic medical check up, inclusive of vision, were conducted. Safety guidelines, Aashiyana, Pravesh were also discussed in batches. The beneficiaries appreciated such initiative since they do not get health check up on regular basis on their own. They also hailed TSL's prioritization on aspects like health & safety. Lunch box & memento distribution followed before close of the event.

Thank you!
